

Please don't force our K-LOVE station off the air. We love this station, it uplifts each listener, with its music, news, prayer and comments. Also the notices about upcoming events. If K-LOVE was displaced it would only leave a secular music and influence on FM.

The service of K-LOVE is extremely necessary in the view of our public.

Please don't give LPFM priority over K-LOVE's FM translator service.

Thank You, Terra Tarling
